ONE PERSON IN 107 FAMILIES ABLE TO WORK

In the area assigned him, only seven members of the 107 families receiving public assistance are of employable age, and six of those are unable to work, Dr. John B. Kendlehart, caseworker for the Adams County Board of Assistance, told the board at its meeting Monday evening in the assistance office on Chambersburg St.

The seven of employable age range from 35 to 62 years, he said. He described in detail the medical history of the six unable to work. One man in his late 30's has been in and out of mental institutions, he said. A man and his wife in the 50's are both physically unable to work. A woman in her late 50's was recently hospitalized and for this reason is not employable. A diabetic 60-year-old woman with a heart condition is needed in the home to care for her blind husband. Another man who will soon qualify for Social Security is too limited physically for full-time work.

13 TO SUPPORT

One man who is working full time is aided with state funds because his education and skills limit the type of work he can do and there are 13 in his family to support.

Another man is receiving assistance while Social Security benefits for the disabled is being processed.

He added that seasonal nature

29 Escape From Berlin By Tunnel

BERLIN (AP)—A group of 29 East Germans have escaped to the West through the longest tunnel yet built under the Berlin Wall, West Berlin authorities announced today.

The successful flight last Friday night was disclosed at a news conference by Heinrich Albertz, West Berlin senator for interior affairs. He spoke only after the tunnel had become unusable through flooding.

Apparently the tunnel was not discovered by the East German border guards, Albertz said, and for this reason he gave its location only as "somewhere on the French sector border."

Albertz said this was believed to be the biggest single group to escape to West Berlin since the Communists erected the wall 13 months ago.

Albertz said the tunnel was "bored from the West in weeks of painstaking and patient work by young people whom we must respect." He repeated the city government's stand that it does not regard such enterprise as illegal.

Reds Again Refuse Four Power Relation In Berlin

By JOHN FIEHN

BERLIN (AP)—The Soviet Union has refused to renew four-power relations in Berlin and has issued a new call for the Western Allies to abolish immediately their "NATO military base" in the divided city.

The Soviet statement came Monday as thousands of Allied troops in combat gear launched a major test of their ability to spring to West Berlin's defense.

The alert, involving most of the West's 11,500-man garrison, ended early today. Military officials were reported satisfied with the results.

IGNORE ALLIED CALLS

The Soviet government statement, released in Moscow, rejected the Western position that Berlin still is under four-power control. It ignored Allied calls for re-establishing relations broken last month when the Soviet Berlin commandant was withdrawn and his post turned over to an East German.

The statement claimed four-power administration has not been in existence since 1948 when, it said, the United States, France,

Oppose Use Of Type III Sabin Oral Vaccine

HARRISBURG (AP)—Pennsylvania communities planning antipolio immunization campaigns are being urged by the State Health Department to withhold the use of Sabin oral vaccine type III until its safety is further supported.

Health Secretary Charles L. Wilbur Jr. made the recommendation Monday after conferring by telephone with the State's Advisory Committee on Poliomyelitis.

Communities should go ahead, meanwhile, with mass immunization programs, using types one and two of the oral vaccine, Wilbur said.

However, a community experiencing a polio epidemic, he added, should saturate the area with vaccine of the same type as the polio virus whether types one, two or three.

The U.S. Public Health Service recommended Saturday adults refrain from taking the Sabin type III vaccine except in case of an emergency.

CLUB IS TOLD OF ROTARY'S WORK IN INDIA

Rotary activity in India was outlined to the local Rotary Club Monday evening by Dr. Harold Dunkelberger, member of the club and member of the faculty of Gettysburg College who recently returned from a sabbatical leave in Europe and India.

"Rotarians in India are extremely proud that one of their members is now president of Rotary International," Dr. Dunkelberger said, adding, "Among other things it proves that someone other than a white man is capable of handling the job."

A holdover from the caste system is to be found in Rotary meetings in India. Because men of different castes could not eat together, the meetings are held without a dinner. Each person dines on his own and then goes to the Rotary meeting.

ASK QUESTIONS

Rotarians in India and in Europe "are somewhat different from Rotarians here. They don't hesitate to ask questions and frequently the questions are embarrassing."

Dr. Dunkelberger found many of the questions pertaining to American education. In India he said the questioning indicated that many prefer the English type of higher education to the American.

In India, he added, the colleges are under direction of a provincial university which designates the subjects to be taught and even provides the final examinations.

As a result of his attendance at Rotary sessions in India he was selected by the U.S. Information Office to speak at a meeting of several hundred educators.

Dr. John Aberly, Retired Seminary Prexy, Is 95 Today

Dr. John Aberly, eldest of the three living ex-presidents of the Gettysburg Lutheran Theological Seminary and one of the oldest alumni of Gettysburg College, is quietly observing his 95th birthday anniversary today at his residence, 308 Springs Ave.

At his own request, there is no special celebration. Friends and relatives are dropping by to offer congratulations and the mail has brought greetings from others to the active and alert theologian who left the seminary presidency 22 years ago.

The only local relatives are Dr. Harold Dunkelberger, E. Lincoln Ave., chairman of the Bible department at Gettysburg, and members of his family.

CAME BACK IN '26

Able to be about his comfortable, pleasant residence which is part of the seminary campus, Dr. Aberly spends much time reading his large-print Bible, a weekly news magazine and the New York Times and is a regular reader of The Gettysburg Times. Each afternoon he waits at the front door for the arrival of The Times newsboy.

Born in Carbon County, he entered Gettysburg College at the age of 17 and was salutatorian of his graduating class in 1888. "I didn't quite finish my course at the seminary for there was a demand then for college graduates to go to India," Dr. Aberly recalled. He and his bride went to India in 1890 and spent 30 years there as missionaries of the Lutheran Church. He edited the "Gospel Witness" and an Indian publication and wrote commentaries on many books of the New Testament in Telegu and translated the Union hymn book into that tongue during his years in India.

On his return to this country, he was a member of the faculty of Maywood Seminary in Illinois for three years and then came back to Gettysburg Lutheran Theological Seminary in 1926 as its president.

Since his retirement there in 1940, Dr. Aberly has watched with close interest the great expansion of the physical plant of the seminary — the chapel, the library, the new dormitory and new residences have been built since his retirement. He has also watched with professional zeal

STATE "OKAYS" COURT ACTION

The state Council of Education today notified the Adams County court that it "approves the application" of the court to dissolve the Conecogue Independent School District and include its area in Reading Twp. School District.

According to the papers received by the prothonotary's office from Charles H. Boehm, as president of the state Council of Education, the decisions of courts on the matter of dissolving or setting up school districts by law becomes an "application" to the state Council of Education.

Boehm's notice states that the "final order of court constitutes an application to the state Council of Education to consider the motion for abolishing the Conecogue Independent District." His notice states that the matter was considered September 6 and it was found "desirable" for Conecogue Independent to be dissolved and "therefore the application is approved."

Gubernatorial Candidates Both Charge Evasiveness In Debate Monday Evening

By GEORGE ESPER

PHILADELPHIA (AP)—The Democrat and Republican candidates for governor of Pennsylvania claimed today the other was evasive on issues in a precedent-setting debate which highlighted the problem of unemployment.

Democrat Richardson Dilworth said during the hour-long state-wide television-radio debate Monday night that the most important issue was bringing industry into the state while Republican William W. Scranton hammered away at what he called the need for taking power politics out of the administration.

Both cited unemployment as a key issue, blaming the opposite party.

DISCOURAGED INDUSTRY

Dilworth said "the kind of Republican leadership that has been so firmly welded to the past actually discouraged new industry from coming into the state" before the Democrats took over the governorship in 1955.

Scranton said Pennsylvania has the highest amount of unemployment of any industrial state in the union—"and there are 350,000 unemployed." He blamed the Dem-

the expansion in the curriculum and the addition of new fields of study far beyond the scope of the offerings of earlier years. Asked if he thought the modern trends are in the "right direction," he said:

"Yes, I think they are but I'm concerned sometimes to know whether there is still time left for the very important biblical theology. It seems sometimes as though there's more emphasis now on psychology."

The new president of the seminary, Dr. Donald R. Heiges, has

WILL RESUME DANCES HERE ON SATURDAY

The regular dances sponsored by the Gettysburg Recreation Board will resume Saturday night from 7:30 to 10 o'clock at the cafeteria in the high school.

Resumption of the weekly dances was one of a number of plans for the fall and winter season outlined Monday evening at a meeting of the recreation board in the high school.

The third week of October was tentatively set as the time for starting the regular bowling program for the youngsters.

Temporary Recreation Director John Maloney reported the touch football season scheduled to start Monday with postponed because of rain.

Approval was given for the fire department to construct a rest room in the rear of the present office and storage structure at the recreation park, west of the dining hall and kitchen.

ASK TRAFFIC SIGNS

The board voted to ask borough council to place signs along Long Lane to slow traffic there. Discussion indicated that in some cities signs reading "Playground—Slow" are placed; in other cities speed limits are established to cover the situation. The board made no recommendation to council concerning either plan, noting that borough council has more knowledge of the most effective method of slowing traffic on the street.

Plans were made to plant arborvitae around the new rest room constructed in the southern portion of the recreation park. Plans were made to lime the

Sixth Weather Satellite Is Rocketed Into Orbit

By HOWARD BENEDICT

CAPE CANAVERAL, Fla. (AP)—The sixth in a series of Tiro weather satellites rocketed into orbit today and its camera eyes went on immediate alert for hurricanes, typhoons and other storms around the globe.

The electronic weatherman shot away from Cape Canaveral at 3:35 a.m. aboard a three-stage Thor-Delta rocket. About two hours later the National Aeronautics and Space Administration announced the satellite was in successful orbit about 400 miles high.

It was the 11th straight successful satellite launching for the 92-foot Delta vehicle, this nation's most reliable space booster. It also made six successful launches in as many tries for the Tiro satellite program.

AIRPORT PLAN IS PRESENTED TO LIONS CLUB

Donald X. Sullivan, chairman of the aviation committee of the Gettysburg Kiwanis Club, carried his campaign for public support of a county-owned airport for Adams County to the local Lions Club Monday evening.

Sullivan, who was an Air Force pilot in the Asiatic theater during World War II and did commercial flying after the war for a total of 25 years as a pilot, told the Lions an adequate airport here would attract new industries and build the tourist volume. He pointed out that this county has state and federal approval for the use of government funds for a public airport.

He said an airport with a 3,500-foot runway would be adequate and estimated the county's share of the cost of its purchase and development would be \$50,000. The state would provide a similar sum and the federal government \$100,000. He predicted such an airport would be self-sustaining. Both of Gettysburg's airports are of sufficient size but lack facilities such as paved runways.

HOLD ZONE MEETING

His recommendation is that the county commissioners be the governing authority on the project with an airport board in an advisory capacity.

President Kenneth Dengler presided at the meeting with 50 Lions and guests in attendance. The meeting was held at the VFW home. Guests included Deputy District Governor William Lau and Zone Chairman William Newman, who conducted a zone meeting after the local club session; Charles E. Tressler, who will be principal of the new Gettysburg Area Senior High School, and Guy Donaldson, president of the Fairfield Lions Club.

It was announced the club paid its \$13 share of the milk fund for the summer recreation program and donated \$10 toward the Halloween parade prizes for the local committee. The speaker was introduced by Wilbur Varian, program chairman.

Physicians transfused blood into Goulden before continuing treatment to the various injuries.

State police said Goulden was driving south toward Littlestown when a sedan driven by Jeffrey Lynn Breighner, 17, Gettysburg R. 5, attempted a left turn in the path of the oncoming motorcycle.

The front of the motorcycle struck the right front fender and hood of the car causing \$500 damage to the auto and \$300 to the motorcycle and hurling Goulden to the road.

Noting a "bad condition" at the entrance of the north parking lot where it enters Long Lane, the board decided to ask Borough Engineer Roy Winebrenner for recommendations as to the best method of repairing the entrance. The parking lot lies lower than the street and hundreds of cars, in pulling out into the street from a stopped position, have "licked out" the tar and chips at the entrance, causing numerous "holes" in the surface of the entrance, according to reports at the meeting.

242 REGISTER ON FINAL DAY

Two hundred forty-two persons registered as new voters Monday during an all-day session at the court house, lasting from 8 a.m. to 10 p.m., which marked the final day for registration prior to the general election in November.

Of those registered Monday 137 were Republicans, 101 Democrats and four nonpartisan.

Since the reopening of registration following the May primary, 713 Democrats, 533 Republicans and 22 nonpartisan voters have been registered. Commissioners' Clerk Ray P. Snyder said that number did not indicate a gain of 1,268 voters, since a number of other names have to be removed from the rolls for failing to vote during the last two years. He said normally about 700 to 800 voters are dropped from the list annually.

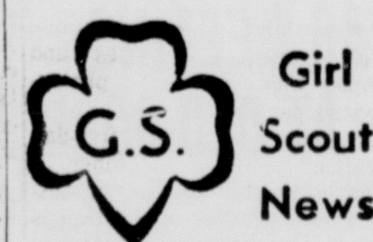

When it is determined that a registered voter has not cast a ballot for two years a notice is sent. If it is returned, the name stays on the rolls. If it is not returned, it is assumed that the person has either died or moved out of the county and the name is removed from the list of registrants.

Hanover Delays Vaccine Program

The Hanover Medical society has postponed indefinitely a mass polio immunization program for approximately 35,000 persons in the Hanover area, which had been scheduled for Sunday, October 28.

Dr. Gabriel Zelesnick, Hanover health officer, who is serving as chairman of the society's steering committee, said, "We feel that publicity given to cases of polio resulting from administration of Sabin Type III vaccine and the fact that the United States Public Health Service came out urging Type III be withheld from adults for the present time warrants temporary postponement of the scheduled clinic."

Dr. Zelesnick said he and other members of the steering committee have made no decision as to when the immunization program may be rescheduled.

Dr. Aberly

(Continued From Page 1)

called at the Aberly home, the immerman house, to pay his respects to the former president who handed him his diploma at the seminary in 1934.

GAVE SERMON IN '40

Only a few of the present members of the seminary faculty were there during any part of the Aberly administration and two former professors there who had been fellow students at the seminary with Dr. Aberly are deceased. They were Dr. Melancthon Coover and Dr. Herbert Allen, the latter having retired from the faculty the same year as Dr. Aberly left the presidency.

Dr. Aberly delivered the commencement address to the graduating class of 21 at his last graduation service as president, May 10, 1940. The service was held in St. James Lutheran Church here and one of the members of the class was Lawrence D. Folkemer, now professor of theology at the seminary. That same evening Dr. Aberly conferred the degree of Master of Sacred Theology on the late Rev. Reginald Deltz, later to become a seminary faculty member.

On Alumni Day of that 15th Seminary Week, alumni of the seminary presented Dr. Aberly and Dr. Allen with portraits framed in heavy Morocco leather and enclosed with tributes from the friends and seminary alumni. That portrait of Dr. Aberly and the warm tribute that accompanied it rest on a table in the Aberly living room and are often shown to visitors. The tribute expresses appreciation to Dr. Aberly "as a man, as a teacher and as a Christian servant." It concludes: "Dr. Aberly, we thank you. Your gifts have been many. Your faith and your hope have been our joy. Your Christian humility makes you great."

PRACTICES HIS PREACHING

In his final graduation address that May evening in 1940, Dr. Aberly told the graduating prospective ministers: "You must lay hold of divine resources. You need daily renewal of your strength by the Lord. Continue in prayer and fellowship with God. Cultivate a spirit of communion with God and share that fellowship with your fellow men. If your windows be open toward heaven, they ought to be open to men in the spirit of compassion as distinguished from pity. Look up in communion with God, look out in compassion upon needy humanity and look inward for assurance and consecration. Wait upon the Lord daily in your trusty place and so shall ye receive power."

Those who have known Dr. Aberly best say that what he preached that night was a simple statement of his way of life before and since that occasion.

An employee of the Swank Co. bridges for the new highway construction, Matoski is alleged on September 11 to have stolen from the Ferguson-Edmundson Co., in Cumberland Twp., and Inger-Rand air drive impact wrench worth \$500; a two-ton Yace chain hoist jack worth \$200 and a five-gallon water can worth \$5.95.

State Policeman Charles Todd, who with Cpl. I don't believe a single one . . . of us can truly say . . . that things run on an even keel . . . in just the same old way . . . if this were true I'm prone to think . . . life would be hard to bear . . . for happiness is most enjoyed . . . by those who have known care . . . so whether you are up or down . . . remember tides must turn . . . keep this in mind and life will be . . . a happier sojourn.

Redding, R. 6, to Kenneth John Farley, son of Mr. and Mrs. Edward Farley III, 1804 Belvedere Blvd., Silver Spring, Md., was solemnized at St. Francis Xavier Catholic Church, Saturday at 12 o'clock noon with a nuptial mass at which the Rev. Fr. Leroy Spisak was the celebrant.

The altar was decorated with white gladioli and pompons. Mrs. George F. Eberhart presided at the organ.

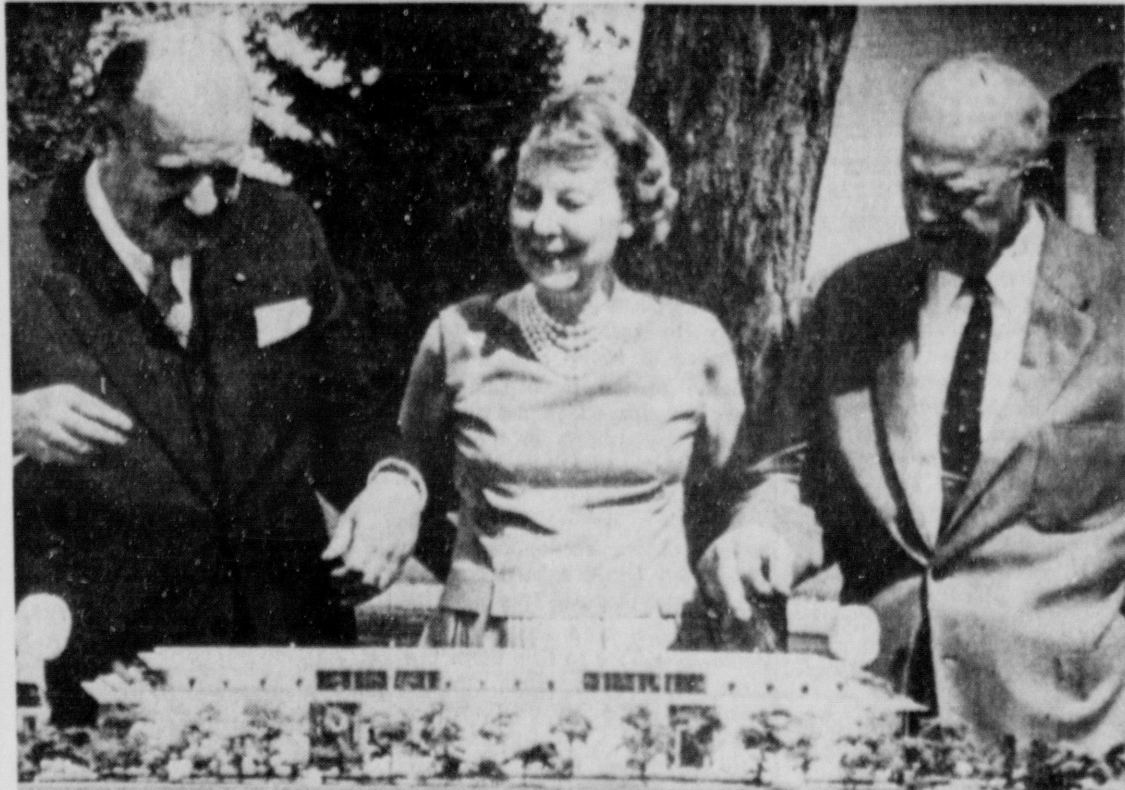

The bride, given in marriage by her father, wore a floor-length gown of lace and nylon tulle with a sweetheart neckline, long sleeves, bodice of tulle nylon and a bouffant skirt. Her bouffant veil of pure silk illusion fell to elbow-length from a crown of pearlized orange blossoms. She carried a white missal, a gift from the groom, and a cascade arrangement of white roses and carnations with white streamers.

Her maid of honor, Miss Martha Sebold, Union Bridge R. 2, Md., wore an aqua street-length dress of silk organza with a fitted bodice, scoop neckline, short sleeves, full skirt and cummerbund. She wore a matching hat and veil and carried a colonial bouquet of yellow pompons with aqua ribbon streamers.

Edward Farley, father of the groom, served as best man and David Redding, brother of the bride, was an usher.

The bride's mother wore a pale green street-length dress with black accessories and the groom's mother wore a blue satin street-length dress with tan accessories.

Following the ceremony a reception was held at the Lamp

Uruguayan Girl, Biglerville
High Exchange Student, Is
Marking Her 18th Birthday

Ana Maria Oliver Yamin, a participant in the American Field Service's Student Program, is spending this school year studying at Biglerville High School.

Ana, who is 18 years old today, is a native of Montevideo, Uruguay. She lives near the center of the city with her mother, father, and brother, Julio Cesar, 15. For the duration of her stay in America she is residing with Mr. and Mrs. Marvin Fox, Bendersville.

At Biglerville High School she is studying 12th grade subjects in the academic curriculum. She is receiving nearly the same type of subjects which she would have studied in Uruguay. However, there are some basic differences in the school systems of the two countries. For instance, due to the fact that Uruguay is in the Southern Hemisphere, her school term has already been started for several months. Also, the Uruguayan school years are divided into four years of lyceum and two years of preparatory, which correspond to our junior and senior high school. Subjects in the two years of preparatory include such things as: History of the Americas; history of the Middle Ages, literature, philosophy, Uruguayan law and constitution, Italian, French and English.

Upon graduation Ana plans to attend the University in Uruguay for several years. She will study to be a notary public, who performs many of the same duties which a lawyer in this country might do. If she cannot be a notary public, then her second choice is to be an English teacher.

Ana, along with members of the 11th grade at Biglerville, was taken on a guided tour of the Gettysburg battlefield. She said: "It was very interesting and I took some pictures of the places in which I was most interested in order to send them to my country."

Post Tea Room after which the couple left on a southern wedding trip for an indefinite time. For traveling the bride chose a red street-length dress with three-quarter-length sleeves and white accessories. Upon their return they will reside at 8110 14th Ave., Langley Park, Md.

The bride graduated from Gettysburg High School in the class of 1959 and from St. Agnes Hospital School of Nursing, Baltimore, September 5. The groom graduated from Northwood High School, Silver Spring, in the class of 1959 and attended Montgomery Junior College there. He is now serving in the U. S. Navy.

Bartlett-Michea

Miss Marion Michea, daughter of Mr. and Mrs. Louis R. Michea, Taneytown, and Wade Sloane Bartlett, son of Mr. and Mrs. John T. Bartlett, Upper Montclair, N. J., were married at Trinity Lutheran Church, Taneytown, Saturday, September 8, at 2 p.m. The Rev. Howard Miller performed the double-ring ceremony in a setting of ferns, candelabra and white gladioli and carnations. Miss Hazel Hess was soloist. The bride was given in marriage by her father.

Miss Lenore Weber, New York, N. Y., was maid of honor. Noel S. Bartlett, Cleveland, O., brother of the bridegroom, was best man. Ushers were Glenn S. Bartlett, Los Altos Hills, Calif., brother of the bridegroom; Louis R. Michea 3rd, Taneytown, brother of the bride, and Henry C. Edmonds, Fairfield, Conn. A reception was held at Taney Inn, Taneytown, attended by about 85 guests. For a wedding trip the couple went to the Poconos and New Jersey.

They will reside at Apartment 2L, 306 Grafton Ave., Newark, N. J. Mrs. Bartlett is a graduate of Taneytown High School and of Marietta College, Marietta, O. She is a member of Alpha Sigma Tau sorority. He is a member of Alpha Pi Delta fraternity and of Phi Beta Kappa. He is employed at Bell Telephone Laboratories in the computer division at Whippany, N. J. He is also studying at New York University for a master's degree.

ANA MARIA YAMIN

Dr. Ralph D. Heim, professor of religious education at the Theological Seminary, has been covering ground almost like an astronaut. In one 24-hour period, he reports in a letter to The Gettysburg Times, he visited Aden, Bombay, Calcutta, Bangkok, Rangoon and Singapore.

Dr. Heim's thumbnail impressions were as follows: Aden — a three-part city on desert wasteland, surrounded by seas and green crags; Bombay — efficient Air India hustled Dr. Heim through in 45 minutes; Calcutta — writhing humanity; Bangkok — a pleasant five hours with likable people, including saffron-robed Buddhist priests in handsome airports, but a delayed plane frustrated a cherished dream to see Angkor Wat.

Rangoon, Dr. Heim found breathtaking as seen from the air, with its sunlit golden temple glowing in the city's heart. At Singapore he permitted an interviewer to call it his favorite Asian city. It was orderly, clean, quite modern with pleasant people busily at work. There was a huge housing development, handsome schools, a botanical garden (orchids), a harbor with a hundred ships, teeming native quarters, a unique hotel, numerous churches and temples which made it a photographer's paradise.

Dr. Heim said that his "five-day vacation" ended September 9 when he began his work in Australia, visiting Lutheran missions to the aborigines and lecturing at the Lutheran Seminary during the first week. In the second week he will work with Presbyterian educational leaders to whom he will bring the greetings of Dr. Robert MacAskill and Gettysburg's Presbyterian Church.

The hitting post agitation came

at the hands of the town council

reported to council that at a re-
cent meeting of the merchants of
the town the following was adopted:
"It is the sense of this meet-
ing that the removal of the hitch-
ing posts from the public Square
would seriously affect our busi-
ness interests; that we would be
content if the borough would pro-
vide a permanent hitching place
convenient to the Square, but we
are strongly opposed to a tem-
porary place; that we are willing
to provide and erect suitable hitch-
ing posts which will not be unsightly
and the number of posts should be
increased in the Square; that we
think the borough authorities
should clean up the ground sur-
rounding the hitching posts as
these are for general business in-
terests of the town, but if council
insists we will sweep and clean
up the ground in front of our
stores, the borough to haul the
refuse away after it is placed in
piles and that on market morn-
ings the borough clean the whole
Square including the hitching post
ground." Council deferred action

Today's Talk**ON BEING BORN AGAIN**

Too many people are born but
once. Biologically, of course, this
"once" is only possible. But mor-
ally and spiritually, a man or
woman may be born a thousand
times!

Christ said: "Ye must be born
again!"

And all civilization is now con-
stantly crying: "Be born, be
born — anew."

Great minds of great nations
must never stop trying to figure
out new ways of birth for nations
so as to replace the foolish, mur-
derous destruction that always
follows in the wake of war.

The boy in college is usually
born again, and again, before he
receives his final diploma of ap-
proval for good work performed.
And unless he is born anew many
times, he has lost the most vital
value back of all education.

We must continually be reborn.
Lincoln spoke of a rebirth of
freedom, and he meant that it
should be applied to both those of
the North and South who had
fought in that regrettable civil
conflict.

Birth brings newness, hope,
possibility. We are helpless at our
human birth. We have to de-
pend upon those who have al-
ready been born a long time. But
these births that are so necessary
to our immortal growth thereaf-
ter, have to be attended to by our-
selves. We have to manage them
— bring them into their fruition
almost alone.

No one ever gets so old or use-
less but that he may be born
again — into newness of life, new-
ness of thought, newness of as-
piration and achievement.

We may learn continually. Ex-
perience becomes the doctor most
able to officiate at these births
of mind, heart, and soul. And no
one can loan us experience!

Just Folks**SMILES**

There's no beauty in the smile
That is flashing all the while.
Something weak is in the chin
Which supports a constant grin.
Laughter chills the blood of me,
Coming where it shouldn't be.
Smiles are commonplace and
cheap

Until men have learned to weep.

Lacking sorrow's final touch
Smiles do not amount to much.
Poor the grin, however wide,
If it has no care to hide.
Harsh is laughter in our ears
When our eyes are dim with tears.
One must learn from grief and
care
How to smile and when and
where.

On the faces of the old
Smiles are lovely to behold,
They have suffered, they have
wept;
Learned with patience to accept
Disappointment, loss and pain
And have come to smile again.
Beautiful that smile appears
Born of sorrows down the years.

**Work Experience Training
Working Well At Danville**

By FRED WALTERS
DANVILLE, Pa. (AP)—The boy
sat proudly on the red and gray
farm tractor.

Although it wasn't his, a year
ago he had helped rescue it from
the scrap pile, rebuilding it com-
pletely from the engine back.
It was quite an accomplishment
for the youngster, any youngster.
Yet, this teen-age boy is legally
considered mentally retarded—his
IQ is below 85—and his reading
ability has only progressed to the
second grade level.

Until recent years, Pennsylv-
nia's public school system would
have assigned him to meaningless
school work marking time until
he was old enough to leave school
to try to get a job.

This approach gradually is be-
ing discarded in favor of "work
experience" training.

NOT UNIQUE HERE
The program here at the Dan-
ville Area Senior High School is
an example of the developing
technique.

It is by no means unique in
Pennsylvania, but it does combine
some of the best elements of de-
dicated teaching, enlightened ad-
ministration and community co-
operation.

The key part of the program is
the shop work. The boys spend
about half of each school day
there.

It is a busy, noisy place.
In the woodworking section, one
boy is building a work bench
while two others sand a piece of
furniture that will be refinished.

In the metal working section,
boys are engaged in welding and
related activities and their proj-
ects include a brace for a snow
blade and a mechanical seeder to
be used on farm tractors. In the
automotive section, another group
is refinishing two rust-eaten cars.

ACTIVE TEACHER

Through all this activity wand-
ers Lew Stauffer—a short, stocky
Bloomsburg native who has been
teaching special education classes
since his graduation from Blooms-
burg State College 11 years ago—
prodding, encouraging, praising,
consulting the boys.

"We're not here to baby-sit,"
Stauffer says. "These boys are
getting something out of school
here. They feel they belong;
they're doing something useful."
"Don't you think this is much
better than having them weave
baskets and make bead belts?"
The boys also handle all the
audio-visual equipment in the

His face had only a few faint
marks from the disease.

**FEAR WESTERN
EUROPE, JAPAN
WILL BEAT U.S.**

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Many Amer-
icans are haunted today by the
fear that Western Europe and
Japan have found the secret of a
fast economic growth rate that
will soon leave the United States
behind.

This specter, probably as big as
the American worry over the loss
of its gold to dollar-heeled for-
eigners, sits today at the confer-
ence table as the money man-
agers of the non-Communist world
convene in Washington for the an-
nual meetings of the World Bank
and the International Monetary
Fund.

The speedy industrial growth of
the European Common Market
since 1957 — when the United
States' postwar industrial expan-
sion was beginning to slow down
— has awed American business-
men and politicians alike. Some
seek ways to protect American in-
dustry from growing competition
and loss of markets; others prefer
a joint effort with the Common
Market to build up the non-Com-
munist world against the repeated
Soviet threats to overtake and
surpass the present champions.

But at least one United States
banking leader warns against
jumping to conclusions about the
greater vigor of Western Europe
and Japan.

Frederick L. Deming, president
of the Federal Reserve Bank of
Minneapolis, agrees with the ad-
ministration that the U.S. econ-
omy needs to grow faster than it
has in recent years.

But he cautioned:
"The United States, and Canada
also, have done better than some
of the apostles of growth admit.
The easy assumption that Western
Europe and Japan have broken
through to a new era in growth
rates needs to be demonstrated
over a longer period of time."

LONG TERM GROWTH
Other observers have reported
signs that the industrial growth
of West Germany and France and
other Common Market nations is
slowing after its impressive post-
war spurt.

But Deming thinks the true pic-
ture isn't just what happened in
wartorn lands rebuilding (with
U.S. aid) in the late 1940s and
1950s, but rather in long term
growth. So he compares today's
economies with those before
World War II.

The Common Market's flashiest
performance has been in indus-
trial production. This has ex-
panded mightily in the last few years
when the U.S. growth rate was
slowing.

OUT IN FRONT
But based on 1938 industrial
production, the United States is
still out in front in percentage of
growth. Deming's figures show
the U.S. gain as 253 per cent. in
the last 23 years. Italy is second
with a 228 per cent. spurt in in-
dustrial output, edging Canada's
227 per cent.

Japan's big spurt from 1948 to
1957 erased its wartime decline
and puts it up 230 per cent for the
1938-61 period. France and The
Netherlands each have a gain of
156 per cent and West Germany,
thanks largely to its big 1948-57
recovery drive, shows a gain for
the longer period of 145 per cent.

Deming's point is that there's
no proof as yet that the Common
Market can keep it up.

Looking at the longer record
(instead of just the rebuilding
from the ruins of war), Canada
and the United States are still the
champs.

STOCKHOLM, Sweden (AP)—
Premier Tage Erlander hailed to-
day the victory of his Social Dem-
ocratic party in Sunday's munic-
ipal elections, saying the govern-
ment's position is now stronger
than ever.

Returns from the voting
throughout Sweden gave the social
Democrats 50.9 per cent of the
votes, compared with 47.4 per
cent in the last city elections four
years ago.

Bermudian Takes First Grid Victory 12-6 By Topping L-town Jayvees

The Bermudian Springs High School football team came from behind to annex its first win of the season by turning back the Littlestown junior varsity 12-6 Monday evening in Littlestown.

Littlestown started out fast when quarterback Terry Arbogast took the opening kickoff, started for the sidelines, then suddenly turned toward the center of the field and streaked 85 yards for the initial TD of the game and Littlestown's lone score. Jeff Roberts' attempt for the place kick was blocked by Dave Bricker, Bermudian's swift fullback.

After the opening minute jitters wore off, Bermudian found its stride and began rolling up yardage. The Eagles knotted the count just as the first period came to a close. The visitors took possession of the ball on the Littlestown 38 when Dave Bricker returned a Pottorff punt 15 yards. On six plays, including a 16-yard skirt around right end by Quarterback Leighton Megonnell, the Eagles had pushed the ball to the two-yard line. Reed McCauslin toted the ball off right guard for the score, but his attempted run for the point was stopped.

The remainder of the first half was a battle across the midfield stripe with each team putting in equal time in the other's territory. The half ended in a 6-6 deadlock.

Littlestown's ground attack was halted by a fine Bermudian forward wall, but the Little Bolts managed to control the airways. The third period was played primarily in Littlestown territory, but the Eagles were unable to get close to the goal line.

AIDED BY FUMBLE

Bermudian tucked the victory away with the winning TD just after the fourth quarter got underway. Tackle Don Meyers recovered an Arbogast fumble on the Littlestown 20-yard line. Megonnell advanced the ball three yards to the 17. On the next play Sam Bricker darted off left tackle and raced into the end zone for the score. After two penalties, Megonnell was stopped trying to run for the extra point.

Bermudian will be idle until September 23 when it tangles with Juniata Joint on Juniata's gridiron. The Littlestown JV's will be free until September 25 when they meet York Suburban in York.

Fischer Breaks 49-Year Record

KANSAS CITY (AP)—Bill Fischer, Kansas City Athletics pitcher with a 4-9 record, has broken a mark set 49 years ago by the famed Christy Mathewson.

Fischer has worked 69 1-3 consecutive innings without allowing a base on balls.

The old major league record of 65 1-3 innings was set by Mathewson with the New York Giants in 1913.

Fischer, 32, broke the record Saturday night as the Athletics beat Baltimore in a doubleheader, 4-3 in 10 innings and 5-4 in 11 innings. Fischer worked 7 2-3 innings of the second game.

Owner Charles O. Finley promised to tear up Fischer's contract and give him a new one with a \$1,000 raise.

Gerringer muffed one of the hottest of the hot shots, Charlie Coe, the two-time champion from Oklahoma City, 3 and 2, in a rain-splattered opening round on Monday. The Virginian, who at 19 is half Coe's age, shot a three under par 33 to zoom into an incredible five-hole lead at the turn. He finished off Coe with a 20-foot birdie putt on the long 16th hole of the 7,051-yard, par 72 Pinehurst Country Club No. 2 course.

Three other former Walker Cup players went down to defeat in the 12-hour day. Bill Hyndman of Philadelphia lost 1 up to sharp putting Ray Terry of Jacksonville, Fla., son of former major league baseballer Bill Terry. Bob Gardner of Essex Fells, N.J., was beaten 4 and 2 by Philadelphia veteran Jack Penrose and Ward Wettlaufer of Buffalo, N.Y., took a 5 and 4 drubbing at the hands of Dan Carmichael, a 43-year-old Columbus, Ohio architect.

56 ON BYES

Surviving the upset fever were such strong North Carolina threats as Billy Joe Patton and Charlie Smith; Dick Davies, the British Amateur champion from Pasadena, Calif.; Harvie Ward, two-time amateur champion from San Francisco; Dr. Ed Updegraff of Tucson, Ariz.; Dud Wyson of McKinney, Tex., last year's runnerup; Homero Blancas of Houston; Arnold Blum of Macon, Ga., and Bill Campbell, Huntington, W.Va.

The 72 winners were joined by 56 players who had first round byes in today's 64-match second round. Three former champions, Deane Berman (1960), Dick Chapman (1940) and Ted Bishop (1946) were among those who sat out the opening round. Dick Sikes, a Publican champ from Springdale, Ark., also drew a bye.

AMATEUR GOLF TTEEPLAY IN SECOND ROUND

By KEN ALYTA

Associated Press Sports Writer

PINEHURST, N.C. (AP)—With Ronnie Gerringer, teen-aged son of a Newport News, Va. contractor, heading the wrecking crew, the mad scramble to crown a successor to Jack Nicklaus as U.S. Amateur golf champion moves into its second round of perilous 18-hole matches today.

Gerringer muffed one of the hottest of the hot shots, Charlie Coe, the two-time champion from Oklahoma City, 3 and 2, in a rain-splattered opening round on Monday. The Virginian, who at 19 is half Coe's age, shot a three under par 33 to zoom into an incredible five-hole lead at the turn. FULL TERM IS PREDICTED FOR U.N. SECRETARY

By WILLIAM N. OATIS
UNITED NATIONS, N.Y. (AP) —Diplomats from various parts of the world predicted today that the 17th General Assembly opening today will name U Thant of Burma to a full five-year term as secretary-general of the United Nations.

Thant is acting secretary-general, serving out the unexpired term of the late Secretary-General Dag Hammarskjöld that ends next April 10. He was elected last Nov. 3 after Hammarskjöld's death in a plane crash in Africa a year ago today.

U.S. delegate Charles W. Yost, previewing the assembly session Sunday, indicated that the U.S. delegation expects Thant to be re-elected.

DID FINE WORK

Yost told New York area members of the American Association for the United Nations: "The performance of the acting secretary-general has been so outstanding and has met with such universal support among the members that we doubt if this will be the subject of serious controversy."

"We would be very much surprised if the Soviets were to raise again the matter of the troika, which was so decisively defeated last year."

In negotiations on Hammarskjöld's successor, the Soviet Union first insisted that the management of the United Nations be taken over by three of its under-secretaries—an American, an Indian and a Russian.

But this so-called troika plan proved unpopular, and the Russians later shelved it and joined in the election of Thant on condition he function with the counsel of certain "principal advisers" representing various regions of the world.

The Soviet Union could block his continuance in office by vetoing him in the Security Council, which must recommend him before the assembly can re-elect him.

Janet Leigh Is Wed Fourth Time

LAS VEGAS, Nev. (AP) — Actress Janet Leigh is Mrs. Bob Brandt today after a wedding announcement, a divorce, two plane trips and a marriage ceremony.

Miss Leigh, who divorced her husband, actor Tony Curtis, last August, was wed to Brandt here Saturday. He's a wealthy stockbroker-sportsman and husband No. 4 for the shapely actress.

The couple announced their wedding plans last Thursday. She flew to Juarez, Mexico, for a quickie divorce Friday, returned to Hollywood then flew here to wed Brandt on Saturday.

Miss Leigh, 34, won her interlocking divorce decree from Curtis last July 11, but California divorces don't become valid for 12 months. There is no waiting period in Mexico.

CROSS OCEAN FOR DINNER

CLEVELAND, Ohio (AP) — The people of Paris made the most impression on Mr. and Mrs. Wallace Phillips of Findlay, who went to the French capital for a 20th wedding anniversary dinner arranged by Phillips as a surprise for his wife.

The couple arrived at Cleveland Hopkins Airport late Sunday looking a bit tired but flushed with the excitement of travel and bewildered by the publicity they had received.

"It's nice to be back," said Mrs. Phillips, "because I was worried about the children. But the time was kind of short."

The children, Michael, 16, and Monda, 12, stayed with friends while their parents were away. Phillips and his wife traveled light. Their baggage consisted of one suitcase, which he sneaked into the car before they left Findlay Sept. 12, ostensibly for an anniversary dinner in Cleveland.

When they arrived in Cleveland Phillips told his wife they were going to fly to New York for the dinner. At New York they boarded an Icelandic plane, with Phillips explaining they were going to Iceland for the celebration. In Iceland he told his wife they were going to Luxembourg and when the plane landed there last Thursday, he told her of the surprise he had planned for her in Paris.

"I enjoyed it very much," Mrs. Phillips said. "It was a wonderful surprise."

BORGNINE IS BACK AT SEA IN TV SERIES

by DORIS KLEIN
HOLLYWOOD (AP) — After 17 years, Ernest Borgnine is back in the Navy.

"It's not exactly the Navy I remember," Ernie reminisced. "I don't think we could have won the war if we'd had one like this. But it's a lot more laughs."

Ernie wound up 10 years in the Navy as a chief gunner's mate in 1945. He re-enlists as a lieutenant commander in "McHale's Navy," a comedy television series on ABC starting Oct. 11.

LIKE BILKO

It's in the same zany style that made Phil Silvers' Sgt. Bilko series. "I only hope it does as well," said Borgnine.

Ernie's new Navy consists of three PT boats—one war surplus, tied up at nearby Balboa Bay, and two full-size mockups.

The backlot beach of Borgnine's tropical island has a native village of grass huts, complete with islanders.

"The show's set in the South Pacific during World War II," Ernie explained. "I was in the Pacific, but before the war—I joined the Navy in 1935. About as far out in the Pacific as I went was Hawaii."

QUIT IN 1941

"In 1941, I quit the Navy to go to work in a factory in New Haven, Conn.—1941, what a year to quit the Navy. I was back in a few months."

"In the beginning, we had only three boats patrolling the entire Atlantic Coast and I was on one of them."

"Then they sent me to Hollywood, Fla. I was assigned to a PT, converted yacht."

CONVERTED YACHT

"The PT was a converted yacht, the S.S. Intrepid. It used to be owned by the Murphy who invented Murphy beds. He took it to Europe and all over before the war. You should have seen what the Navy did to it!"

The Navy made a lot of changes in Ernie, too. He went in, at 17, weighing 135 pounds. He came out 100 pounds heavier.

He also met his first wife, Rhoda, in the Navy. She was a Wave. They had a daughter, now 10. The marriage broke up after nine years, in 1958. A year later, Borgnine wed fiery Mexican Katy Jurado. That marriage, too, is on stormy seas. The pair is separated and Borgnine sees little hope for reconciliation.

It's a long way from the Navy in Hollywood, Fla., to the Navy in Hollywood, Calif. Did Ernie ever think he'd make it when he was mustered out in 1943?

"You know, it's a funny thing," he said. "We had a big party at the end of the war and someone asked me what I was going to do when I got out of the Navy."

A Lovelier You

AGING ARMS. Mature figures have a trouble spot in com-

mon—the upper arm. The muscles in the area are prone to sag, and then the skin becomes lax from the loss of elasticity.

The problem is usually blamed on the aging process, but it is not the sole factor. Insufficient exercise and skin care contribute in no small way, as do large fluctuations in weight.

Consequently, any woman past 40 would be wise to set her sights on normal weight. Not just for the looks of the arms, of course, but also for her general well-being. In addition, she should give her arms some special attention. The following steps are known for their power in both preventing and relieving flabbiness:

1. During the daily bath, work up the circulation in the arms by scrubbing with a well-lathered loofah sponge or stiff brush.
2. At least once daily, massage in a rich body or hand lotion. Some lotions purport to have a tightening action, as well as a smoothing action, and are worth a try. But since half the good in any lotion is in the massage, be sure sure to do a thorough job.
3. Perform this firming exercise 20 times, night and morning: Stand erect, arms extended at shoulder level in front of body with backs of hands touching. Briskly swing arms apart until they reach as far as possible behind the body. Then, getting good twist in upper muscles, turn palms up—hold for five counts and return to starting position.

TORONTO (AP) — Reginald Williams Francis Capel, 70, former political cartoonist for the old Toronto News, died Saturday. After the News ceased publication in 1919, Capel became an art director for an advertising agency. He retired in 1949.

I laughed and said, 'Oh, I'm going to Hollywood and be a big movie star.' You know, what's happened since surprised me more than anybody.

"This really dates me, but if I'd stayed in the Navy, I could have retired in 1955. That was the year I won the Oscar for 'Marty.'"

CAMBRIDGE, Ohio (AP) — Two men, including one from Pennsylvania, were injured Sunday in a boat-racing collision on Seneca Lake.

Urges Against Attack On Cuba

PITTSBURGH (AP) — An attack by the United States on Cuba probably wouldn't lead to World War III but would do "irreparable harm to the cause of freedom," says a ranking official of the Kennedy Administration.

Chester Bowles, special representative of President Kennedy, said Sunday a military move against Cuba would "open the door for sweeping Soviet victories on the all-important fields of diplomacy and politics."

Speaking at the 48th national convention of Hadassah, the Women's Zionist Organization of America, Bowles said:

"If we were to follow the urging of the extremists and attack Cuba under the present circumstances we would undercut our influence in world affairs, blacken our reputation in the United Nations and forfeit our traditional claim to moral leadership while destroying thousands of young lives in the process."

REDS BLAST BOMB

UPPSALA, Sweden (AP) — The Soviet Union exploded a 15-megaton nuclear bomb at Novaya Zemlya on Saturday, according to an official announcement from the Uppsala Seismological Institute. The announcement, which was signed by Swedish expert Markus Baath, said the explosion was the second biggest in the Russian test series which started on Aug. 5 with a 40-megaton blast. A megaton is equivalent to one million tons of TNT.

NEW YORK BANS SABIN POLIO VACCINE USE

ALBANY, N.Y. (AP) — The State Health Department, following a recommendation of the U.S. Public Health Service, advises that the use of oral polio vaccine, particularly Type III, be suspended, pending further study.

A department spokesman said a final decision on use of the Sabin vaccine would be made after a study of a report from the U.S. surgeon general.

The report contains all data on 11 confirmed cases of polio, including one in New York State, that have developed in the country after the Type III vaccine was administered, the spokesman said.

500,000 PERSONS

About 500,000 persons have received the vaccine in the state.

Meanwhile, health officials in Chemung County said they would go ahead with plans for a mass immunization program for adults on Nov. 18. They said that, since their county-wide program would not be held for two months, questions on the safety of the vaccine should be clarified by that time.

They said they would cancel the program if there appeared to be any danger from the vaccine. In Batavia, the Genesee County Medical Society cancelled a county-wide immunization program it had scheduled for next Friday and Saturday.

Say Rail Fares Are Too High On Mice

LONDON (AP) — A campaign was started today to slash railroad fares — for mice. Also for rabbits and guinea pigs.

Percy Ashley, 73, president of the National Mouse Club, announced the campaign.

Club members, who exhibit prize mice all over Britain, complain the high cost of transporting the mice is pricing them out of a hobby.

"On short distance it costs more to send a mouse than it does a man," Ashley said.

SAYS HEART ATTACKS WILL RISE IN ISRAEL

PITTSBURGH (AP) — A leading Israeli doctor says heart attacks, hardening of the arteries and diabetes will increase in Israel within 20 years because of the impact of western civilization.

Dr. Kalman J. Mann, director general of the Hadassah medical organization in Israel, made the prediction Monday at Hadassah's 48th national convention.

Hadassah is the Women's Zionist Organization of America.

Dr. Mann said research indicates the three diseases will increase among the Oriental Jewish immigrants who have greater susceptibility to the diseases than European Jewish settlers.

NEED SPECIALISTS

Mrs. Siegfried Kramarsky, the national president of Hadassah, said there is no moral justification that "wilful persecution of any group anywhere is the internal concern of sovereign nations."

"We believe that when any government adopts as a national policy the persecution of any of its citizens because of their race, their faith or their color, it is the duty of the community of nations not only to rebuke but to act," he said.

In another talk, Angie Brooks, the assistant secretary of State of Liberia, said her country needs heart and cancer specialists as well as properly equipped hospitals.

BIG FUND RAISERS

"In underdeveloped countries such as the African states, the needs are so great in any given field that it is difficult to set up priorities," she said.

"What is essential is the will and determination such as the Government of Liberia has under the administration of President William Tubman, to solve these problems," she said.

A financial report revealed at the convention that Hadassah raised the largest amount of money in its 50 year history for

Youth, 15, To Be Tried For Murder

PHILADELPHIA (AP) — William Joanni, 15, faces trial as an adult on charges he shot his parents to death as they slept in the bedroom of their North Philadelphia home April 2.

Judge J. Sidney Hoffman held the youngster without bail Monday for trial in Quarter Sessions Court.

He acted after Asst. Dist. Atty. Liza Richette recommended the case be transferred from the juvenile division of County Court.

The boy's parents, Stephen Joanni, 50, and Elizabeth, 53, were found dead by a minister summoned by young Joanni.

2 NEW SHOWS WIN PRAISE OF AP TV CRITIC

By CYNTHIA LOWRY

AP Television-Radio Writer NEW YORK (AP) — "It's a Man's World" is the title—and a thoroughly misleading one—of a gentle, preceptive series about three young men and a boy which had its premiere Monday night on NBC.

Peter Tewksbury, who created and produced the series, said recently he had a hard time explaining to his front office that he wanted to do his opening show about a 14-year-old boy who loses \$32.

As a matter of fact, the plot is still impossible to explain, but the boy did lose \$32 and its return serves to introduce the young stars in a happy, imaginative way about growing up.

WELCOME CHANGE

The four lads, each a different type, are engaging and interesting actors. The show is a welcome change from idiot inhabited situation comedies, psychotic murderers and cowtown shootouts.

The program, one surmises, will its projects in Israel and its work in the United States last year—\$11,360,415.

SAID CASTRO MAY BUILD NAVAL BASE

By FRED S. HOFFMAN

GUANTANAMO NAVAL BASE, Cuba (AP) — Sources in contact with the Cuban underground say information they have received may indicate a move by the Castro government to build a naval base on Cuba's north coast.

These sources said that for several weeks the Cuban government has been removing families from an area near a town called Banes. The Banes area is about 20 miles northwest of Guantanamo Bay. The town of Banes is at the northwest end of Bahia de Nipe-Nipe Bay.

NOT MUCH NAVY

Cuba doesn't have much of a navy, but President Kennedy announced recently that the Russians have been sending missile-armed torpedo boats to Cuba.

Reports of the activity on the north coast came through sources which Navy officers at this base said have proved reliable.

These sources also said they had received information that Russians and Czechs have appeared in some numbers in eastern Cuba and have been seen living in camps near Santiago, about 50 miles from Guantanamo.

Cubans who work on this base but live in Fidel Castro's territory told of increasing food shortages, rising prices and a thriving black market here.

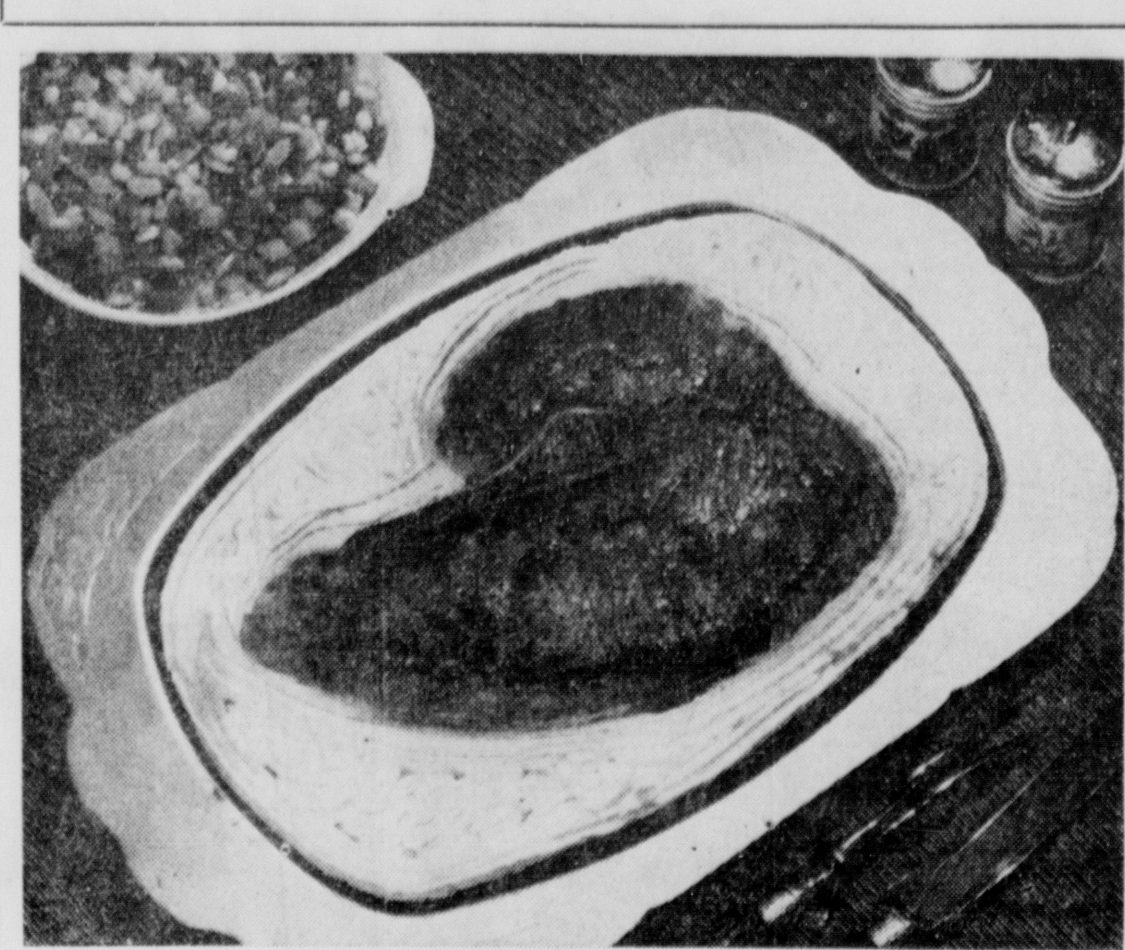

A report was that Castro may start rationing bread. Other important foods, including meat and milk, already are tightly rationed.

Glamorous Planked Sirloin

Give your dinner a dash of drama by revealing a juicy, tender sirloin steak served on a plank and surrounded by Duchess or mashed potatoes. The plank is slipped in the broiler during the last few minutes of broiling the meat to give the potatoes a golden tinge that adds to their attractiveness.

A glamorous and intriguing serving that will have the family saying, "Mom's the best cook in town." That's what is destined to happen when you bring to the dinner table a planked sirloin steak decorated with Duchess potatoes.

And here's a secret—planking is really quite easy to do.

Actually, planking is not a modern invention. Planked meat cookery dates back to the American Indians. Our early settlers adopted their method and today it has become a favorite with some of the nation's leading restaurants.

The same rules of cooking a steak apply when planking as when serving a plain broiled steak. Two steps to keep in mind are:

(1) Cook the steak at a moderate

temperature. (2) Cook for the exact number of minutes recommended for the degrees of doneness desired.

For planking, purchase a sirloin steak cut 1 1/2 inches thick. Place the sirloin on your broiler rack, then insert the broiler pan so that the top surface of the meat is about three inches from the heat. Broil the top surface for 15 minutes for medium-done steak.

When cooked the necessary number of minutes, season the steak with salt and pepper, then turn. Always season broiled meats after cooking because salt tends to retard the browning process.

Let the steak cook on the second side for five minutes. Next,

place the steak cooked side down on a seasoned wooden plank. Or you may use an oven-proof platter if you wish. Tuck seasoned potatoes around the steak. This may be done with a pastry tube or with a large spoon. Make sure that every inch of the plank is covered. To make Duchess potatoes simply add one beaten egg yolk to each two cups of mashed potatoes.

Now, place the plank in your broiler the same distance from the heat as the steak was cooked. The steak will finish broiling and the potatoes will take on a light, golden tinge. Cooking time will be from 10 to 12 minutes.

Visitors at the camp on Sunday were William Moon, Sandi Bowers, Harry Stavelly Sr. and Harry Stavelly Jr.

SMITH: We wish to thank nurses, nurses' aides, Dr. Sheely, friends, neighbors and relatives for their kindness before and after the recent death of our dear little daughter, Paula Kay Smith.

MR. AND MRS. LEROY SMITH AND FAMILY

In Memoriam D

ANGELL: In sad but loving remembrance of our dear mother, Cora Angell, who departed this life 11 years ago today, September 18, 1951.

Often to the graveyard we wander,

Flowers to lay with loving care

On the grave of our Mother

Who is sweetly sleeping there.

Although I cannot feel your hand,

Your face I cannot see,

But let this little token show

We still remember thee.

From the world of pain of sorrow,

To the land of peace and rest,

God has taken you, dear Mother,

Where you have eternal rest.

Sadly missed by the children

GIVES VIEWS ON SOME OF NEW TV FARE

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—"Sam Benedict" will have to be fattened up considerably if NBC's new lawyer-series is to replace "Perry Mason" in the eyes and hearts of the Saturday night television audience.

Unhappily, Sam's rather pathetic skeleton was all too apparent on first sight this past weekend, in spite of frantic and obvious efforts to pad, divert and conceal. Edmond O'Brien plays the San Francisco barrister breathlessly and turbulently, rushing around to handle crisis after crisis—getting a client acquitted of murder, collecting overdue rent and, in the main thread of plot, forestalling a blackmailing lawsuit.

It was in the principal story that the toothpick-thin plot was glaringly visible. Sam's good friend Mike died suddenly, and Mike's evil brother threatened to try to break the will in an attempt to get a bigger share.

STRONG COMEBACK

"Show of the Week" bounced back strong Sunday night with an offbeat morality play, "The Outpost." A five-man cast of competent performers—the men at an

observation outpost of some nameless country at war—underscored author Roger O. Hirsch's point, that it is easier to face certain destruction than shame.

The colonel (Claude Rains) was a thief; the captain (Richard Conte) a martinet who had marched the platoon into a quagmire; the lieutenant (Keir Dullea) a coward; the sergeant (Neville Brand) a murderer, and the private (Everett Sloane) a cuckold.

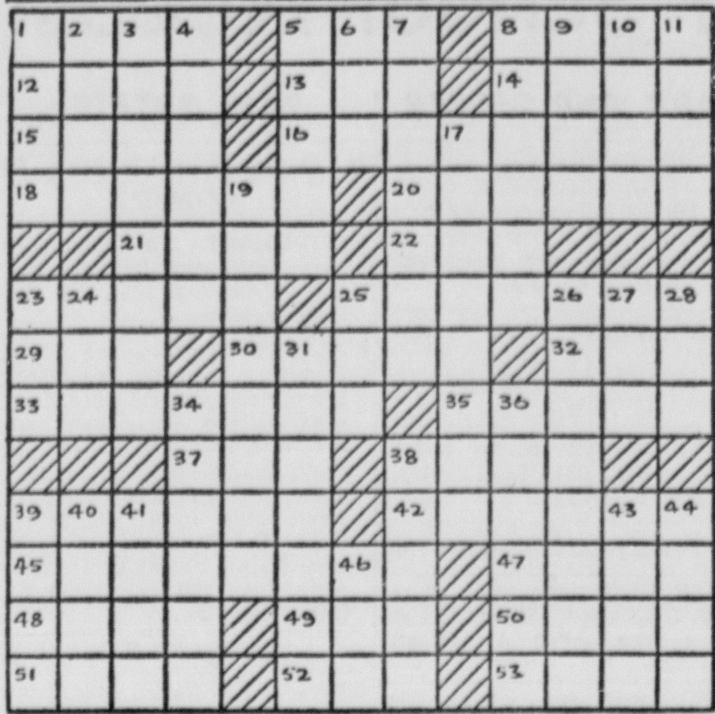

None was legally convicted, but their shame was known. So they all chose to remain in their outpost, ignoring the advance of the enemy, rather than return to their old lives.

It was interesting, intelligent and stimulating—a fine harbinger for the series' new NBC season. Joey Bishop also returned to NBC — on Saturday night. This season he is more poised, more famous, and a successful established night club comedian. He also has picked up a wife on the show.

SAIGON Viet Nam (AP)—U.S. military personnel in South Viet Nam and Thailand next week will start using a high-powered radio network that can neither be jammed nor monitored by the enemy.

Signals will be bounced from the troposphere layer of the atmosphere to distant receiving points. Officials say the beam is so narrow it will be practically impossible to intercept at points off the line. Special equipment is needed to unscramble coded messages.

RERUNS, PLUGS FOR NEW TV SHOWS BORING

By CYNTHIA LOWRY
NEW YORK (AP)—Reruns of the dying summer television season are bad enough but the interminable plugs about the new one are worse.

At this time of the year, all normal rules limiting commercial time are suspended by tacit consent. While the cigarette and soap sponsors receive no extra time, the sky's the limit on promoting what laughingly may be called coming attractions.

CBS has sent out a half-hour film in which Jack Webb frankly conducts a 30-minute hard sell on the network's fall programming. It will be shown—if it hasn't already—on all the network affiliates.

ALL ALONG LINE

Sometimes it seems that all transcontinental planes must be stuffed with Hollywood names hurrying east for the game shows, panel shows, audience participation shows and interview shows to exhibit their profiles and tell the breathless world about the fun-shows they've been working on.

Earlier last week, for example, Jim Backus concluded a summer season of "Talent Scouts" on CBS. His "celebrity" guests included George Maharis, who had a few kind words to say about his singing discovery but many more about his soon-to-return "Route 66." Keefe Brasselle not only plugged his upcoming special but introduced his wife who is launching a nightclub singing career. Jane Fonda talked up her forthcoming Broadway play and Hal March, who unfortunately didn't have a current project to sell, plugged a movie in which he will not appear made from a play in which he did.

CBS permitted Fess Parker to plug his new series which will be shown on ABC, a rival network. It was hard to see the entertainment amid all the sales talk.

CALI, Colombia (AP)—A \$7 million land deal has been signed opening the way for construction of 2,000 middle class housing units here. The project is one of the first fruits of the U.S. Alliance for Progress program in Colombia.

WASHINGTON (AP)—The Defense Department says it is working on plans to enlist refugees from Fidel Castro's regime in the U.S. armed services, and train them in all-Cuban units.

A spokesman said Thursday details of the program should be completed soon.

Orrtanna

MRS. LUTHER WETZEL
ORRTANNA — The monthly meeting of the Margaret-Donaldson Bible Class of the local Methodist Sunday School was held Thursday evening with Mrs. Daisy Deardorff as hostess at her home on Orrtanna R. D. There were 10 members present.

Miss Pauline Deardorff and Miss Phyllis Flenner were guests. The meeting was opened by the president, Mrs. Duth Donaldson, with a reading entitled "The Divine Gift" — after which the 34th Psalm was read by the hostess. Officers' reports followed. Twenty-four dollars were received from a recent "bakeless bake sale" and added to the treasury.

Jelly making is in progress and jellies are for sale by the group. The class is planning a bake sale and refreshment stand at the Besie Wolford sale here on September 29 at 12:30 p.m. The class is also planning for a food sale November 16 in the church hall. Devotional readings were given by Mrs. Ruth Spence, Mrs. Helen Rebert, Mrs. Ruth Deardorff, Mrs. Elaine Riggeal, Mrs. Mary Tressler, Mrs. Grace Wetzel, Mrs. Daisy Deardorff and Mrs. Ruth Donaldson.

The Bible study was on the 14th chapter of the Acts of the Apostles led by the teacher, Mrs. Tressler. The meeting closed with The Lord's Prayer in unison. The gift box from which \$1.14 was received was donated by Mrs. Ruth Donaldson and won by Mrs. Ruth Spence. The next meeting will be held October 10 at the home of Mrs. Riggeal at 7:30 p.m.

Refreshments and a social hour followed the meeting.

RAIL STRIKE IMPASSE IS UNDER STUDY

WASHINGTON (AP)—Government officials studied today the impasse in the 19-day Chicago & North Western Railway strike to determine what they might try next for a solution.

"We've got to make some move," an official said. "We just

can't let both sides sit there and glare at each other."

The glaring had to be at long distance, however. The C&NW board chairman, Ben W. Heineman, walked out of negotiations Saturday night. He said he would not return here until the striking Order of Railroad Telegraphers, AFL-CIO, agreed to accept recommendations of a presidential emergency board.

NOT AT SESSION

Heineman, as he had stated earlier, did not show up for a scheduled bargaining session Monday with representatives of the union and mediator Francis A. O'Neill Jr. Union President George Leighty said he would be at O'Neill's office.

"I hope Mr. Heineman will be there also," Leighty said in a statement. "Negotiations are the only way to end this strike."

The walkout, now in its 19th day, has idled about 15,500 workers and had a serious economic impact on a nine-state area.

The presidential board recommended that the union drop its demand for consultations on job eliminations.

LAUNCH BIG LINER

GENOA Italy (AP)—The 43,000-ton Michelangelo, the biggest Italian ocean liner built since World War II, slid down the ways in this north Italian port Sunday.

The Michelangelo, 825 feet long with accommodations for 1,850 passengers and a crew of 720, is scheduled for service on the North American run by the summer of 1964.

KINGSTON, Jamaica (AP)—Princess Lee Radziwill, sister of Mrs. Jacqueline Kennedy, is negotiating for a vacation home site on Boston beach at Portland on Jamaica's north coast. Princess Radziwill has been a winter vacation visitor to Jamaica for the past six years.

Atlantic Shrine Association, which includes 22 temples from New York to Virginia, Glenn C. Ross of Reading was named here over the weekend to succeed James E. Haas of Mendham, N. J.

WHY SETTLE FOR HALF?

...is your business taking full advantage of your telephone service?

Mr. Businessman... take 30 seconds and try this quiz:

1. Is there anyone who needs a phone, but doesn't have one?
2. Do you have trouble getting an outgoing line?
3. Do you miss incoming phone calls, because your line's busy?
4. Are your phones inconvenient to the people who use them?

If you answered "Yes" to any of these questions, your organization may be "Phone Starved"... and you may be missing additional sales because of it. Check today with your telephone company business representative. He'll be happy to help your firm to greater efficiency through communications.
